

Trustee Leadership Development, Inc. is an Indianapolis-based nonprofit organization dedicated to advancing boards and leaders of not-for-profit and community based organizations. Through our programs and services, we help you uphold your responsibility to the constituencies you serve by increasing your ability to lead with confidence and trust.

What is Boards 2.0?

Boards 2.0 is a monthly e-mail communication that launched on February 23, 2007.

It provides useful, cutting-edge information and resources to Central Indiana board members and staff leaders in an effective, easy-to-read format. Boards 2.0 is brought to you by **Trustee Leadership Development, Inc.**, an Indianapolis-based nonprofit focused on developing nonprofit leaders and boards.

Goals

- To **create a new sense of community**, increased peer support and better working relationships between the executives and board members of not-for-profits in central Indiana.
- To **prompt increased discussion and insight in board meetings.**
- **To share the expertise** of Trustee Leadership Development and other local experts and resources.
- **To show a spirit of collaboration** by partnering with www.NotforProfitNews.com

Fridays 2.0 - You are invited - At 8:30am on March 9, we begin a regular monthly gathering of several dozen nonprofit board and staff leaders to connect, learn, and share at the TLD training center in Lockerbie Square. Each month, our topic will come from the prior Boards 2.0 newsletter. Our first topic will be "Creating Effective and Inspiring Board Meetings". Admission is only \$5 to cover refreshments and handouts and pre-registration is requested by e-mailing amanda@tld.org

Next Steps

Subscribe by clicking [here](#) or the subscribe button on this newsletter and filling in your information. Your information will not be shared outside the TLD organization.

Alert your board members and ask them to subscribe or offer to subscribe for them. Then talk about the material in your board meetings. Please do not add people without their knowledge – that comes back to us as complaints about spamming and inhibits our ability to get the newsletter to you.

Tell us what you think at <http://indyboardblog.blogspot.com/>

Help us spread the word... we are looking forward to connecting and serving with you,

[Ruth Purcell-Jones](#) and [Annie Hernandez Yarbanov](#), TLD and [Bryan Orander](#), Charitable Advisors
